PROFILE SUMMARY

Full-Stack Developer with experience building scalable web and mobile applications using React, Next.js, Node.js, and React Native. Currently working at Accenture, supporting enterprise platforms built on Adobe Experience Manager (AEM). Experienced in building real-time applications, REST APIs, authentication systems, and production-ready full-stack systems.

TECHNICAL SKILLS

Programming Languages & Frameworks: JavaScript, TypeScript, Python, React.js, Next.js, React Native, Tailwind CSS
Backend & Databases: Node.js, Express.js, REST APIs, Cloud Functions, Authentication (JWT), PostgreSQL, MongoDB, Firebase
Cloud Platforms & Tools: Supabase, AWS, Google Cloud, GitHub, VS Code, Postman, Figma
Concepts: SDLC, Prompt Engineering, Real-time Systems, AI API Integration (OpenAI, Gemini, Claude), Problem Solving

PROJECTS

Game Store | Next.js, Node.js, Express.js, MongoDB, Stripe, Ant Design

- Full-stack e-commerce platform with product catalog, search filters, shopping cart, and order history.
- Integrated Stripe payments and implemented role-based authentication for admin product and order management.

Roomie Homie | React Native, Expo, Firebase Auth, Firestore, Realtime DB, Cloud Functions

- Developed a mobile app supporting real-time synchronization for shared living management — announcements, task assignments, expense tracking, and shopping lists.
- Implemented Firebase-based backend services and push notifications for instant roommate activity updates.

Story Sprint | React.js, Firebase, Gemini API, Tailwind CSS

- Built a multiplayer AI-powered story-building game supporting up to 25 concurrent players per session.
- Integrated the Gemini AI to generate story prompts and automatically evaluate narrative creativity.

File Tree Forge | VS Code API, JavaScript, Markdown

- Built a VS Code extension that visualizes workspace folder structures as editable Markdown trees.
- Published on the VS Code Marketplace for public use.

EXPERIENCE

Accenture

Application Development Analyst | AEM, Experience Fragments, React.js

Oct 2023 – Present
Hyderabad, Telangana, India

- Managed AEM authoring activities for a large-scale e-commerce platform, supporting content updates and configuration changes across markets.
- Resolved 60+ production and platform issues, improving content stability and authoring workflows.
- Contributed to implementations for 3 market migrations across the platform.
- Supported 10+ product launches and reviewed 15+ features to ensure accurate content delivery.
- Assisted in production deployments and stage-down activities after sprint releases; created Confluence documentation to support onboarding of new team members on AEM authoring workflows.
- Received **iChamp Values Award** for demonstrating persistence, ownership, consistency, and alignment with core organizational values.

ISAC (Information Sharing and Analysis Center)

Graphic Design Intern | Canva, Figma, Python

Feb 2023 – May 2023
Remote

- Interned at a cybersecurity non-profit organization focused on threat information sharing.
- Designed cybersecurity awareness posters, memes, and presentation materials for social media campaigns and automated posting using Python scripts.

EDUCATION

Vel Tech R&D Institute of Science and Technology

B.Tech in Computer Science and Engineering | CGPA: 8.2

Avadi, Tamil Nadu, India
2019 – 2023

Narayana Junior College

Higher Secondary (MPC) | 89%

Kurnool, Andhra Pradesh, India
2017 – 2019

CERTIFICATIONS

React JS - Frontend Web Development — Udemy

CCNAv7: Introduction to Networks — Cisco Networking Academy

DLI S-FX-01 — NVIDIA Deep Learning Institute
